

Nursery School Notes
November 2026

How quickly the months pass! It is already the beginning of November. October was definitely a busy month here in the Nursery School learning about fall, pumpkins and celebrating Halloween fun.

We completed our first fundraisers of the year, the “Curd for the Crew” and our “Boo Bags.” Both were huge successes. We are so appreciative of our school families who contributed. As always, we also want to extend an extra special thank you to our Faith Lutheran Church families who participated to help our school.

This month we will have our school FUN’d Walk on November 18. This yearly fundraiser is always a fun day for the children as they navigate an obstacle course we set up inside the school after collecting donations from family and friends. This fundraiser continues to help with the costs of our school’s special days, supplies and field trips. There will be a form on the lobby table if anyone from the church would like to make a donation (they can be left in the envelope in the church office.)

This November we continue to focus on the many blessings we have to be thankful for in our lives. Our classes will celebrate our Thanksgiving Feast at school together on November 23. We are very grateful and happy for the wonderful year we are having so far. We enjoy each day that we are able to come to school to learn and be with our friends, and for the great families that have chosen our program for their children’s first learning experience.

Happy Thanksgiving to all of you, our Church Family!
